DECORATIVE HANDLES

OPEN, CLOSE, STORE, PROTECT, HIDE, FIND AND TREASURE

Cupboards might keep things hidden, but your handles are always on show – so make the most of them.

Handles are a functional aspect of your home but it doesn't stop them being a stylish and attractive addition to your doors and drawers. It's important when you are choosing handles that you take the time to consider what type of furniture they are going on and what look you want to achieve. Do you want to match the style of the doors or would you prefer to make a bold contrast and reinvigorate a room?

A theme could even be carried through your whole house – from the kitchen to your bathroom and bedroom, creating a cohesive look and feel wherever you are.

Whatever you wish for, the finishing touches are just as important. After all, it's all in the detail.
